

How to Replace Toner Cartridge on a Dell 2330d or 2330dn

1. Switch the printer off
2. Press the front cover release button on the right of the printer then lower the front cover

3. Pull the blue handle to remove the toner and drum as a single unit

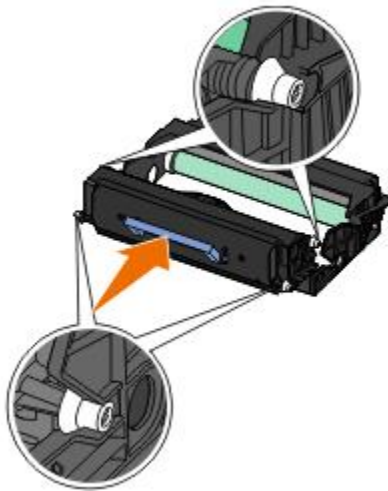

4. Press the button on the imaging drum and pull on the blue handle on the toner cartridge to separate the parts

5. Unpack the new toner cartridge removing all packing material and tape. Shake the cartridge to distribute the toner evenly
6. Install the new toner by aligning the white rollers on the toner cartridge with the arrows on the tracks of the imaging drum then pushing the toner into place

7. Insert the unit into the printer

8. Close the front cover and switch the printer on
